

CUSTOM NAMED ROSES

Whether for an anniversary, birthday, or a memorial, a Swanes rose makes lovely gift. We offer a custom naming service- taking one of our roses and 'rebadging' it with a new label, designed with your feedback. This can be a thoughtful and unique way to capture a precious memory or say, "I'm thinking of you".

Simply pick a colour from the beautiful Swanes range:

or let us know what colour/ fragrance you are looking for and we can help you pick the right rose. A custom label will be prepared, approved by you, printed, and attached to the rose.

Please note: these roses continue being sold seasonally under their registered names.
